

The Sape Bar at the 25hours Hotel Terminus Nord pays homage to the real dandies of the 10th arrondissement - the Sapeurs. Turned out in the brightest colours, they defy the hardships that life puts in their way. Elegant in appearance and bold in the

combination of fabrics and styles, they enrich Paris with their eccentric looks. They stroll around throughout the day and meet in the city's coolest places at night - with the knowledge that the street belongs to them.
